Smart Choice® WEATHER STOPPER® SYSTEM

Quality You Can Trust...From North America's Largest Roofing Manufacturer!™

www.gaf.com

ADVANCED PROTECTION™ SHINGLES

GAF offers you many great choices, including **Timberline®** shingles with Advanced Protection™ Technology. They're the #1-selling shingles in North America!

Advanced Protection™ Technology results in superior protection for your home, while reducing the use of precious natural resources. That's better for your home—and better for the environment!

To learn more about why Advanced Protection™ shingles are your best choice, visit www.gaf.com/aps.

LEAK BARRIER

Weather Watch® and **StormGuard®** provide exceptional protection against leaks caused by roof settling and extreme weather. Ideal upgrade at all vulnerable areas (including at the eaves in the North!).

DISTINCTIVE RIDGE CAP SHINGLES

Similar to the way that a distinctive frame enhances a painting, **Timbertex®** and **Ridglass®** can enhance the beauty and value of your home—while guarding against leaks at the hips and ridges.

EFFECTIVE ATTIC VENTILATION

Cobra® and **Master Flow®** vents help remove excess heat and moisture from your attic that can raise your energy bills, cause premature peeling of interior paint and wallpaper, and even affect your health.

ACCESSORY PAINT

ShingleMatch™ premium roof accessory paint is a great option to help you "hide" unsightly roof accessories by making them blend in with the color of your shingles... for a better-looking finished roof.

ROOF DECK PROTECTION

"Breathable" **Deck-Armor™** allows moisture to escape from your attic while providing an exceptionally strong layer of protection against wind-driven rain. It also lays flatter for a better-looking roof. **Shingle-Mate®** also provides great protection for your roof.

PRE-CUT STARTER STRIP SHINGLES

WeatherBlocker™ or **Pro-Start™** are a great upgrade option for rakes and eaves. They save time, eliminate waste, and reduce the risk of blow-off...and may even help qualify for upgraded wind warranty coverage (see ltd. warranties for details).

RELIABLE LOW-SLOPE SYSTEMS

Liberty™ and **Freedom™** commercial-grade self-adhering roofing systems are exceptionally dependable! They're safer too, because no open torches or hot asphalt are used.

The GAF Smart Choice® Weather Stopper® Roofing System has earned the prestigious Good Housekeeping Seal, which means that Good Housekeeping stands behind the products in this system. (Refer to Good Housekeeping Magazine for its consumer protection policy.)
